SPECIAL DISPATCHES TO THE N. Y. TIMES

WASHINGTON, Tuesday, April 5.

REVERDY JOHNSON ON SLAVERY.

In a remarkably brilliant speech in the Senate to-day, REVERDY JOHNSON cut loose from all Pro-Slavery associations by a bold declaration of strongest Anti-Slavery sentiments. He spoke in favor of immediate and universal emancipation, and advocated the proposed amendment to the Constitution forever prohibiting Slavery in the United States. Union Senators crowded around him with hearty congratulations when he closed, while Copperheads only scowled.

GEN. MEADE'S POSITION.

The rumors so thickly flying about that Gen. MEADE is to be removed, may as well be set at rest. It is now understood as a settled matter that Gen. MEADE will be retained in command of the Army of the Potomac, more firmly fixed in position than ever.

BUSHWHACKING OUTRAGE.

A few days ago, Sergt. FISH, First Connecticut Cavalry, while on picket near Hartwood Church, was captured by rebel bushwhackers, and shot three times with his own pistol, and left for dead at the roadside. He was subsequently brought into camp, but no hopes are entertained of his recovery. Three other members of the same regiment were wounded same day, and two others captured.

RELEASED FROM ARREST.

Lieut.-Col. CHARLES TOWNSEND, One Hundred and Sixth New-York Volunteers, sentenced to suspension from rank and pay for the term of two months by Court-martial, for disobedience of orders, has been released from arrest and ordered to return to duty.

ESCAPE OF MEN BELONGING TO DAHLGREN'S COMMAND.

Several troopers belonging to DAHLGREN'S command, captured near Richmond, have succeeded in effecting their escape and rejoining their regiments.

RESIGNATION OF MR. BLAIR.

FRANK BLAIR will resign his seat in Congress on the 20th, and immediately proceed to join his corps in the Southwest.

DISMISSED FROM THE SERVICE.

Lieut.-Col. A. S. AUSTIN, Chief Commissary of Subsistence, cavalry corps, Army of the Potomac, has been sentenced by court-martial to be dismissed the service. The sentence has been approved by Gen. MEADE.

DISPATCHES TO THE ASSOCIATED PRESS.

WASHINGTON, Tuesday, April 5.

PEREMPTORY DISMISSALS.

Judge Advocate-General HOLT has, in response to the request of the Senate Committee on Military Affairs, given his views on the House bill taking from the President the power to summarily dismiss army and navy officers without trial by court-martial.

Judge HOLT says that, from the foundation of the Government the President has been in the habit of summarily dismissing officers in the land and naval service; that the power to do so seems to inhere in him under the Constitution as Commander-in-Chief of the army and navy; that his action in this respect has been attended by no apprehension or abuses, and its strict legality cannot be contested; that the exercise, therefore, of this authority, since the outbreak of the rebellion, has nothing in it that savors of usurpation or innovation, or that should excite alarm. In the emergencies of military life, and especially during a period of active hostilities, the interests of the service often not only require that officers shall be instantly dismissed, but that their places shall be immediately supplied. This bill makes such supply impracticable in the case of delinquent suspended officers, because it contemplates no vacancy.

Besides this Mr. HOLT says, among other things, that the Government could not investigate, through courts-martial, the hundreds of cases which this bill would bring up, without such a draft upon the officers of the army needed for active field service, as must greatly impair the efficiency of the campaign now about to open in every part of the theatre of the war.

The Senate Military Committee have reported adversely to the bill.

THE RECOGNITION OF THE FRENCH-MEXICAN GOVERNMENT.

The following paragraph appears in the London *Globe*:

"We have reason to believe that on accepting the crown of Mexico, the Emperor MAXIMILIAN will address from Miramra a formal notification of his accession to the throne to all the Princes and Powers with which he desires to establish diplomatic relations. Among the number are the United States of America, Mr. DAYTON, the American Minister in Paris having already intimated the readiness of his Government to accredit a Representative in Mexico, and receive a Minister from the Emperor of Mexico."

There is every reason to believe that Mr. DAYTON has given no intimation of the character thus referred to, and that his Government has not authorized him to give any such.

THE COST OF THE GUNBOAT CANALS.

Gen. STUART, in his report to the President, on the Gunboat Canals, between tide water and the lakes, estimates the cost of a ship canal around the Falls of Niagara, 105 feet wide on the surface, and 95 feet wide on the bottom, with 12 feet dpth of water, having locks 275 feet long, by 45 feet wide in the chamber, capable of passing a gunboat of 1,250 tons burden, at $5,958,947 25, with single locks, and $7,538,529 02, with double locks. This is the average cost of five lines surveyed last year, the average length of lines is eight miles and 3,070 feet. In the brief synopsis given last week, of this report, the cost of this canal was erroneously printed at from $10,000,000 to $13,000,000.

THE NAVAJO INDIANS.

The Navajo Indians, of New-Mexico, having recently surrendered to the United States forces, the proper authorities have asked Congress for an appropriation of $100,000, with which to procure them agricultural implements and subsistence, until they can support themselves on the reservations set apart for their colonization. The Navajos have been at war for nearly two centuries, and the peaceful plan now proposed is deemed more economical than the large war expenditures heretofore incurred in New-Mexico. They number about 7,000.

MOVEMENTS OF GEN. GRANT.

Lieut.-Gen. GRANT left here to-day for the Army of the Potomac, accompanied by Major-Gen. SHERIDAN, formerly a division commander in the Army of the Cumberland, but now ordered to the command of the cavalry in the Army of the Potomac.

COURT-MARTIAL NO RIGHT TO TRY CIVILIANS.

The proceedings of the court-martial sentencing EDWARD SANDERS, a resident of Warrenton, Va., to be marched through that town to the tune of the "Rogues' March," wearing a placard inscribed "I am the man that sold whisky to soldiers," have been disapproved on the ground that, being a civilian, a court-martial had no right to try him.

WARDEN OF THE DISTRICT JAIL.

ROBERT BEALE, of this city, formerly Sergeant-at-Arms of the Senate, was to-day confirmed by that body as Warden of the jail of the District of Columbia.

THE UNITED STATES SUPREME COURT.

The United States Supreme Court has given notice that no arguments will be heard in any case after Tuesday, the 12th inst., and the court will adjourn on Monday, the 18th inst., instead of the 1st of May, as heretofore announced.

CORRECTION OF A CORRECTION.

A recent Cairo telegram says:

"The dispatch published in the newspapers of the 29th, purporting to have been received at Washington, from Capt. PENNOCK, Naval Commander here, concerning the rebel capture of Paducah, and demanding its surrender, is bogus. No such dispatch has been sent from here."

As some persons may believe that the contradiction is well founded, it is only necessary to say that the telegram to the general newspaper press, was a verbatim copy from the dispatches received by telegraph from Capt. PENNOCK himself to the Navy Department.

PROCEEDINGS OF CONGRESS.

SENATE.

WASHINGTON, Tuesday, April 5.

COLLECTION OF TAXES IN INSURRECTIONARY DISTRICTS.

Mr. HARRIS, of Kentucky, (Union,) reported from the Judiciary Committee a bill for the collection of taxes in the insurrectionary districts, with amendments striking out the provision authorizing grants of forty acre lots to soldiers, and that empowering the Tax Commissioner to set aside sales deemed to be unfairly made.

RELIEF OF JUDGES OF THE SUPREME COURT.

Mr. ANTHONY, of Minn., (Union,) submitted an amendment, intended to be proposed to the bill for the relief of the Justices of the Supreme Court and District Courts at the age of seventy, if they desire it, giving Justices of the Supreme Court $4,000 to $6,000 according to the length of their official service, and three-fourths of their salaries to Justices of the District Courts, provided such salaries shall not be less than $2,000 each, in cases where the service has exceeded fifteen years.

THE OCCUPATION OF CHURCH PROPERTY.

During the morning Mr. POWELL asked for the consideration of his resolution calling on the Secretary of War for information as to church property seized by him, or others under his orders, &c.

On motion of Mr. CONNESS, of California, (Union,) the resolution was laid on the table.

AN EXECUTIVE SESSION.

On motion of Mr. TRUMBULL, of Illinois, (Union,) the Senate then went into Executive Session, and after three-quarters of an hour the doors were again opened.

Mr. FESSENDEN'S motion of yesterday, to postpone prior orders and take up the Naval Appropriation Bill, was rejected. Yeas 22, nays 16.

THE ANTI-SLAVERY AMENDMENT TO THE CONSTITUTION.

The joint resolution to amend the Constitution then came up as the prior order.

Mr. JOHNSON, of Maryland, (Cond. Union,) said we had heretofore kept four millions of slaves in bondage. They had been kept in a state of almost absolute ignorance. This was a thing of which the world's history afforded no parallel. Whether this was for weal or woe, the future must decide. The only question for statesmen to consider was whether emancipation was right independent of its consequences, if those consequences were such as to render it expedient at this time. There was a period in our history when there was but one opinion about the question of right. The men who fought through the Revolution and recommended the adoption by the American people of our Constitution, thought that Slavery was not only an evil, but an evil of the highest character, which it was the duty of all Christian people to remove. The history of these times would bear him out in the assertion, that if the men by whom the Constitution was formed and the people by whom it was adopted, had anticipated our present troubles, they would have provided Constitutional enactment, at some unremote period, to revoke the clause permitting Slavery. Almost every man of reflection, at that time, was satisfied that sooner or later the country would be involved in trouble on account of it, and they looked with confidence to the time when it should be eradicated. The provisions in the Constitution protecting Slavery were adopted upon political and material reasons, and not upon grounds of morality and religion, and because they believed it would be difficult to have a Union at all without Slavery. Whether they were right or wrong, it is impossible to say now. If they had voted to adopt our Constitution without the recognition of Slavery, no one now a spectator of the scenes around us, would regret it. He entertained the same opinion of Slavery now that he had from the time he first studied the subject of human rights. In advocating this measure he was not departing from his earlier convictions, and would appeal to the Constitution itself in justification of the vote he should give for the measure. He would not inquire whether Slavery had produced the war or not. The war was upon us, and Slavery had produced mischief. Unless the measure before the Senate should be adopted, there could be no permanent peace. He at length proceeded to controvert the idea that the abolition of Slavery could be accomplished either by direct legislation or by the exercise of the war power by the President. He believed that the rebels still owed allegiance to the United States, and were to be proceeded against as traitors under the Constitution. Any other idea would be monstrous. He believed that there were hundreds of thousands of citizens in the insurrectionary districts who were just as devoted to the Union as any member of this body, but they obeyed the *de facto* government as a power which they could not resist, and so their obedience was no crime. He claimed that the war power was in the hands of Congress, and the power of the President was derived from his right as Commander-in-Chief. This being the case, no slave could be manumitted by proclamation, unless the proper physical force accompanied it. We must get the slaves before we can manumit them. The President himself uttered a great truth when he said his proclamation would be like the Pope's bull against the comet, in the districts unoccupied by our army. It is just as idle for us to declare the slaves free in the States where our armies do not march, as it would be to declare the rebel armies disbanded by proclamation. If the war should terminate to-day, the slaves who come actually under our control would be slaves still. Mr. JOHNSON contended that the only practical way of accomplishing what all Christian patriots desired, was by the adoption of the present measure. He contended that the very preamble to the Constitution, which stated that its objects were to establish justice, promote tranquility and promote the general welfare, and that first of all, that liberty might be preserved, gave full warrant for the proposed amendment. Was there no justice in putting an end to human Slavery? Was Slavery doing no injury to the tranquility of the country? Was it not against the general welfare and against all true ideas of human liberty? In conclusion, he said our sole consideration should be to bring this war to a successful close and secure the restoration of the Union. He believed the Union would be restored, and we would have our National and State Governments without human bondage.

Mr. DAVIS' amendment that "no negro person, whose mother or grandmother is or was a negro, shall be a citizen of the United States, or be eligible to any civil or military office, or any place of trust or profit under the United States," was then rejected. Yeas 5, Nays 33.

Mr. POWELL, of Kentucky, (Dem.,) proposed to insert at the end of section 1, the following:

"That no slave shall be emancipated by this article, unless the owner thereof shall first be paid the value of the slave or slaves so emancipated." Which was rejected—yeas 2; nays 34.

Mr. DAVIS submitted an amendment providing for the distribution of the negroes set free under this act among the Northern States according to their respective populations. Rejected.

Mr. SAULSBURY obtained the floor.

The Senate then adjourned.

HOUSE OF REPRESENTATIVES.

WASHINGTON, Tuesday, April 5.

A RAILROAD BRIDGE OVER THE OHIO.

Mr. ARNOLD, of Illinois, (Union,) from the Committee on Roads and Canals, reported a bill, which he explained to be amendatory of the Post Route Act of July, 1862, and providing for the construction of two bridges over the Ohio River, to enable the railroads of Indiana and Illinois to meet those on the banks of the Ohio in Kentucky; and for the security of navigation, by directing the bridges to be built from 260 to 300 feet high.

The railroads are ready to construct the bridges without cost to the Government, at the Falls of the Ohio.

Mr. MALLORY, of Kentucky, (Dem.,) in adverting to the bill, said that if it had been passed two years ago millions of dollars would have been saved to the Government in the transportation of supplies.

Both the gentlemen spoke of the great military as well as commercial importance of securing the connection.

Mr. MOORHEAD, of Pennsylvania, (Union,) moved to lay the bill on the table.

Motion negatived by four majority.

Mr. WASHBURN, of Illinois, (Union,) said that the bill involved great constitutional principles, and therefore he moved it be referred for consideration to the Committee of the Whole, on the State of the Union. He was opposed to bridging navigable streams. His own county had suffered too much altogether, from the bridge at Rock Island.

The motion was disagreed to.

The bill was then recommitted to the Committee on Roads and Canals.

THE TARIFF ON WOOL.

On motion of Mr. HOOPER, of Massachusetts, (Union,) the Committee on Ways and Means were instructed to inquire into the expediency of increasing the duty on foreign wool, and report by bill or otherwise.

INCREASING THE PAY OF SOLDIERS.

Mr. HOLMAN, of Indiana, (Dem.,) offered a resolution directing the Committee on Military Affairs to report the bill increasing the pay of privates of the army, and the same be made the special order for to-morrow.

Mr. GRINNELL, of Iowa, (Union,) asked whether Mr. HOLMAN would agree to lay an additional tax to pay the proposed increase. For himself, he wished to see where the money was to come from, although he claimed to be a friend of the soldier.

Mr. HOLMAN said he saw no reason why the soldiers' pay should not be increased when the salaries of others are increased.

Mr. GRINNELL denied that other salaries had been increased.

Mr. HOLMAN would refer to the records for the proof of his assertion. If gentlemen were not prepared to increase the pay of the soldiers let them say so, and not evade the question by saying "they want to see whether the Government can afford it." He (HOLMAN) would increase the pay of the soldiers to eighteen or twenty dollars a month.

Mr. SCHENCK, of Ohio, (Union,) said that the soldier should be left to his real friends. The Committee on Military Affairs have already prepared a bill for an increase, but they have refrained from reporting it, wishing first to see the result of the bills to be brought before the House for raising the necessary means by taxation. That committee will not be diverted from their proper course by the affected friendship for the soldiers now manifested on the Opposition side, at the head of whom was the gentleman from Indiana.

Mr. SCHENCK moved to refer the resolution to the Committee on Military Affairs.

This was agreed to; 74 against 49.

AN INSPECTION OF NAVAL SITES.

Mr. RICE, of Massachusetts, (Union,) asked for the Committee on Naval Affairs leave of absence for ten days, from Thursday, in order to visit the West for the purpose of examining several sites for a navy-yard on the Mississippi and its tributaries. By a personal inspection they could report more intelligently.

Mr. STEVENS, of Pennsylvania, (Union,) opposed the request. The first duty of members was in the House, and it had recently been difficult to keep a quorum here for the transaction of business.

The committee, after visiting pleasant places, would return hardly improved in capacity for business. The most the committee could do would be to taste the waters, and try their different qualities and aptitude for mixing. [Laughter.] Besides, it had been suggested there were guerrillas out there, and might be railroad accidents. [Renewed Laughter.] There might be some propriety in the Committee of Ways and Means visiting the West to see how much taxation that country would bear.

Mr. RICE, of Massachusetts, said they should like to have the gentleman accompany them; but the Naval Committee did not ask leave of absence if public interests here would suffer by it.

Mr. WASHBURNE, of Illinois, (Union,) believed there could be no doubt with those best acquainted with the subject, that Cairo, or Mound City, Ill., afforded the best facilities for a navy-yard on the Mississippi, and it required no committee of Congress to make that fact patent to the country.

Several other gentlemen participated in the conversation, when the request was laid on the table.

THE NATIONAL BANK BILL.

The House then went into Committee of the Whole on the National Banking Bill.

The committee agreed to the amendment offered yesterday, by a vote of 59 against 54, that nothing in this act shall be construed to prohibit the taxing of banking capital for State and municipal purposes; provided the taxes shall not be higher than the rate imposed by States on the same amount of moneyed capital in the hands of individuals.

Mr. BROOKS, of New-York, (Dem.,) submitted three additional sections, two of which, he said, came from all the banks of New-York, with perhaps the exception of one:

First—An amendment providing that the coin received by every association shall be retained up to a certain extent.

Second—An amendment designating the ways and means for winding up the associations when they desire.

Third—Forbidding these banks from being turned into savings banks.

These amendments were severally rejected.

Mr. HOLMAN, of Indiana, (Dem.,) offered a substitute for the bill, repealing the National Bank Act now in existence, and giving the institutions three years in which to close their affairs.

This was disagreed to by a vote of 44 against 63.

The committee here rose, and reported the bill as amended to the House.

Mr. STEVENS, of Pennsylvania, offered a substitute, substantially the same bill as amended, but fixing the rate of interest at seven per centum, and omitting the clause giving to the States the privilege to tax the capital stock.

Mr. STEELE, of New-York, (Dem.) said it had been his constant desire to give his earnest and hearty support to all measures necessary to enable the Government to suppress a causeless and wicked rebellion; but if the Bank Bill, of which that now pending is an amendment, had failed to give substantial aid, he (STEELE) did not understand why it was not right and proper to oppose it as if it were an original proposition. His objection to the bill was mainly to the system. The old National Bank of thirty millions capital, was considered so dangerous to public liberty that it required the indomitable will of an ANDREW JACKSON to overthrow it. He (STEELE) would like to know what power would be requisite to put down a mammoth institution of three hundred millions of capital, and its countless tributaries scattered all over the country. Every one knew the dangers attending the concentration of a vast moneyed power in the hands of one individual. If one ambitious and wicked man should choose, he could direct electioneering operations all over the land by means of the wires placed under his control. He contended that the Bank system is not only a total failure, but dangerous to free institutions and unconstitutional. Besides, it was designed to absorb the State Banks. There was no necessity for this measure excepting for strengtheng the Executive power, by increasing the patronage, and breaking down the States, in order that another stride may be made in the direction of a consolidation and centralization of the Government in the hands of one man.

Mr. STEVENS acceded to the suggestion of Mr. BROOKS, that the amendments made to the bill by the Committee of the Whole on the State of the Union, shall be printed before further action is taken on the subject.

The House, at 4 o'clock, adjourned.

OBITUARY.

MR. H. B. CROMWELL.

Our obituary column yesterday contained the announcement of the death of Mr. H. B. CROMWELL. Mr. CROMWELL was born April 29, 1828, in the City of New-York. In 1847, before he was twenty years of age, he became a member of the cloth-house of CROMWELL, HAIGHT & Co., of which his brother was senior partner. Soon afterward he was offered a partnership in a large commission house in Huddersfield, England, that of JOHN HAIGHT & Co. He accepted this offer, and remained in Huddersfield until 1853—three years—when he returned to this City, and in the early part of 1854, founded a propeller line in connection with the Baltimore and Ohio Railroad. His business grew upon his hands until he had connections with nearly all the important domestic seacoast ports. When the war broke out, he sold nearly all his vessels to the Government, but immediately proceeded with the construction of two fine steamers—the *George Washington* and *George Cromwell*—which have for the last two years been plying between this port and New-Orleans.

Although but thirty-six years of age at the time of his death, Mr. CROMWELL had, by his marvelous business tact and energy, laid the foundations of an extensive business, from which he was reaping results that very few men would have attained at the end of a much longer lifetime. Notwithstanding Mr. CROMWELL'S extensive business connections with the South, it is worthy of note that from the first he has been unswervingly loyal, giving the Government all the aid in his power to assist in suppressing the rebellion.

DR. J. HENRY DEVLIN.

This estimable and promising young man died at the residence of his father, in Hudson-street, on Monday evening, of disease contracted in the discharge of his duties as one of the resident physicians of Bellevue Hospital. He was ably attended, and all the skill and ingenuity of the profession was of no avail. He is the fifth or sixth physician attached to Bellevue Hospital that has fallen a victim to typhus fever within the last year. He was of a mild disposition, retiring and unassuming manners, and of great moral worth.

THE METROPOLITAN FAIR.

THE SECOND DAY'S PROCEEDINGS.

The Buidings Crowded to their Utmost Capacity.

Thirteen Thousand Visitors Present Yesterday.

Forty-three Thousand Dollars Received from the Sale of Tickets Alone.

SCENES, INCIDENTS, ETC.

The interest in the great Fair increases; early yesterday morning long lines of carriages filled Fourteenth-street from Sixth to Seventh-avenue, and the number of persons seeking to gain admission was even greater than on the opening day. At 10 o'clock the doors were opened, and before 11 the halls were filled to their utmost capacity, the greater portion of the immense assemblage being composed of ladies. Owing to the excellent arrangement for the sale of tickets there was no confusion, and everything moved in a very orderly and systematic manner. The various departments were all very well filled. The Art Gallery was one of the great features, and was continually filled with an admiring crowd. The Department of Arms and Trophies, and the Indian Department, were also great points of attraction. In the latter several performances were given during the day and evening, at each of which the room was so crowded as to leave not even standing room. The Indians appear in their full Indian dress, and are ornamented and painted the same as when living in their forest homes. The ladies and children particularly viewed this scene with great interest, giving them, as it does, so good an idea of the habits and customs of the original owners and inhabitants of this land. The sword surrendered by Gen. BURGOYNE to Gen. GATES at the battle of Saratoga, in 1777, and an autograph letter of Gen. LYON, both of which are exhibited in the department of arms and trophies, received much notice. The machinery department is not yet complete, but one or two machines are in operation; they, however, are very perfect, some of them very novel in their construction, and are both instructing and interesting. The Roman department is not yet ready, the goods not having arrived; they are, however, expected daily. The Fire Department continues to be one of the great points of attraction. The goods here exhibited are very handsome and in great variety.

The firemen have made great exertions for the success of this fair, and as they are becoming better known are daily growing more popular with the ladies. Their department alone will probably bring in between fifty and sixty thousand dollars. The ladies who attend their portion of the fair wear on the scarf, which is worn by all the lady attendants, a very beautiful ornament representing the Fire Department coat of arms, done in silver, on a black ground, and surrounded by a gold wreath. It is a very neat affair, and the ladies evidently have much pride and pleasure in wearing it.

The New-Jersey department is another centre of attraction; the goods displayed are very beautiful and numerous. The novel idea of arranging the department according to the four seasons of the year is very good, and is fully appreciated by the numerous visitors. WASHINGTON IRVING'S cottage is constantly filled with a bevy of pretty young ladies, anxious to see the various articles therein, and to form an idea of the life and habits of the great author of *Salmagundi*.

On one of the columns in the main hall, near the floral temple, hangs the "hairy eagle," to which we have referred before, and which was designed and presented by Mrs. WRIGHT, wife of Gov. WRIGHT, of Indiana. In after years it will possess great interest as a historical memento. It is an eagle resting on a globe, and surrounded by a wreath, the whole affair made of the hair of various distinguished statesmen and men of the present day. President LINCOLN, Vice-President HAMLIN, Secretaries Seward, Chase, Welles and Usher, and Senators Fessenden, Johnson, Sumner, Cowan, Grimes, Kimball, Trumbull, Wilson, Sherman, Sprague, Lane, Howard, Foster, Haven, Hicks, Hale, Morgan, Wade, Ramsey, Howe, Morrill and Wilkinson have each contributed portions of their locks, black, brown, grey and red, curls, wiry, straight and otherwise, to make this really beautiful ornament. Under it stands a table attended by a young lady who keeps a very neat album, in which for the sum of one dollar, each and every friend of ABRAHAM LINCOLN is invited to sign his name, and be recognized as one of the donors to the fund of the great fair. It has already a number of signatures, and it is thought will bring in, at least, one thousand dollars. After the album is filled it and the eagle are to be presented to President LINCOLN, the funds, of course, to the fair.

The restaurant was one great point of attraction. Nothing, they say, so much improves the appetite as traveling, and the ladies found that, after traveling all through this immense building—up and down stairs, along galleries and halls, and through the various rooms and departments—that their appetites were remarkably good, and that a dainty and nicely served up lunch would be very acceptable; they, therefore, directed their steps toward the refreshment saloon, where everything the most fastidious epicure could imagine or wish for is to be had. The gentlemen were more than pleased with the arrangements of this saloon—numbers of very pretty young ladies, in the uniform of the fair, with pretty little white aprons over their dresses, attended to the tables, and, by their presence and smiles, added greatly to the enjoyment of the lunch. In one corner of the room is arranged a regular French pastry-shop, attended by four young ladies dressed in full French style, and wearing the high-crowned French cap. So perfectly is the character carried out that one might easily imagine himself in Paris, eating dainty French pastry, instead of in New-York at an American fair and eating American delicacies. The maizena department also furnishes some dishes which are pronounced to be perfect mysteries, even to those well learned in the culinary art.

In the department of arms and trophies are two beautiful swords, to which we have referred before, one for the army officer and the other for the naval officer who shall have at the end of the Fair the greatest number of votes, $1 being the contribution necessary for the privilege of voting. At the close of the Fair, last evening, two hundred and fifty seven votes had been cast for the army sword, of which Gen. GRANT had received one hundred and eleven, and Gen. MCCLELLAN ninety-five. For the naval sword, Admiral FARRAGUT was ahead, though Commodore S. C. ROWAN was very nearly up to him. Great interest is taken in the matter by the friends of the different parties, and the swords will not only be very flattering testimonials to the fortunate officers who will receive them, but will also bring in a good round sum for the benefit of the fair.

During the afternoon, the crowd increased very rapidly, and in the evening the building was literally packed, yet the utmost good nature prevailed, and each person seemed disposed, so far as possible, to contribute to the comfort and pleasure of his neighbors. At about 10½ o'clock the drum corps beat the "tattoo," and in less than half an hour the building was emptied, "taps" beaten, the lights put out, and the great fair, which but a short time before had resounded with the merry laughter of happy thousands and the sweet music of an excellent promenade band, lay hushed, dark and quiet.

The number of persons who visited the fair during the day and evening was thirteen thousand and four hundred and eighty-seven. Six thousand season tickets were sold at the door, and it is probable the demand will be even greater to-day than it was yesterday. The police were very efficient and brought to their headquarters nearly sixty articles which they had found in the building, varying from a five cent postage stamp to a beautiful gold scarf pin, two or three fur collars, several veils, &c. Many of these articles were called for and returned to their proper owners. Sergeants WILSON and GARLAND were in constant attendance, and have these matters so systematized that there is neither delay nor trouble for the owner to recover any article which has been found. Inspector LEONARD is also constantly busy regulating matters, but his cares do not seem to weigh heavily upon him; he looks as hearty, jovial and happy as ever.

BILLIARD TOURNAMENT AT IRVING HALL.

The principal billiard artists of the United States give two exhibitions, one this afternoon, at 3 o'clock, and another at 8 o'clock in the evening, for the benefit of the Metropolitan Fair fund, and under the supervision of its managers. The veteran MICHAEL PHELAN, Esq., will act as master of ceremonies, and will also participate in the playing, as will Messrs. KAVANAUGH, TIEMAN, GOLDTHWAIT, SEEREITER, MCDIVITT, FOX, DEERY, FOLEY, CAHILL, BIRD, NELMS, and others. We understand there will be no set programmes; but that the different professors will contend in various single matches—the whole presenting the various manipulations of the game in its highest excellence. Ample arrangements have been completed by erecting platforms, on which the seats are placed, thus every person of an audience of sixteen hundred will have ample opportunity to see. The front seats, at each *seance*, will be reserved for ladies, and gentlemen who accompany them. It is understood that Gens. SCOTT, MCCLELLAN, MEAGHER and others will be present. The price of tickets, for either afternoon or evening, is $1 each.

The match for the championship between Messrs. KAVANAGH and TIEMAN, which occurs on Thursday evening, has brought together a large number of those engaged in the billiard business, and the friends of the game, from various sections of the States and Territories—the far West being well represented. In connection with this affair, the following was issued yesterday afternoon:

No. 185 SIXTH-AVENUE, NEW-YORK,
Tuesday, April 5, 1864.

I hereby challenge the winner of the match at Irving Hall, on Thursday evening, April 7, to compete with me in a match of fifteen hundred points up, for the championship and a purse of $500 a side. I have deposited $250 forfeit with Messrs. PHELAN & COLLENDER, and will be ready to play at any time after the last day of this month.

WILLIAM GOLDTHWAIT.

The Union-Square Buildings.

THE INTERNATIONAL AND CHILDREN'S DEPARTMENTS—THE KNICKERBOCKER KITCHEN.

The completion of the buildings on Union-square complete the Metropolitan Fair, and when the visitor from the rural districts has exhausted all his adjectives while wandering through the mazes of beauty offered in Fourteenth-street, he will hear with astonishment that on Union-square there is another building almost as extensive, quite as elegant, and containing some features of novelty, splendor and variety, which render it the rival of its sister edifice.

THE KNICKERBOCKER KITCHEN.

If WASHINGTON IRVING, could now step forth from his Summer House in the northwest corner of the Fourteenth-street building, and some one of the ladies in attendance should kindly furnish him with a directory to the fair, where would he go first of all? He would put on his hat, take his cane, and quickly find his way to the Knickerbocker Kitchen. There, seated in some high-backed, broad-bottomed wooden chair, stretching his legs under some antique table, round which has gathered in former days many an ancient Dutchman, he would call for oly-koeks, kröllers, rollitjes, &c., with a cup of tea, and doubtless he would be served by Mrs. Judge ROOSEVELT herself in the costume of her great grandmother, which becomes her so well that she looks more like a Duchess than a Dutchwoman.

Nor even the historian of the Knickerbockers, stern critic that he was in all matters concerning the manners and customs of the early settlers of Manhattan Island, could pick a flaw in the perfect arrangements of the kitchen. As you enter the door, the first glance conveys the impression that you have stepped across the ocean and are in a foreign country. The second and true idea is that you have slipped backward two hundred years or more, and the middle of the seventeenth century, in the person of a pretty Dutch girl, stands before you.

Grim old Dutchmen look down upon you from dingy canvas on the walls; long-waisted, straight-laced old ladies, in remarkable head dresses, and round-faced children, in wonderful clothes, greet you at every turn. The tables groan with blue china, steel forks and all the good things that were found on the Knickerbocker bill of fare.

Overhead, strings of dried apples hang in festoons from the heavy beams. Rows of dip-candles, large ears of seed-corn and bright red peppers adorn the ceiling. Above the deep fire-place a shelf full of furnished, pewter plates, copper sauce-pans, bake-pans, kettles and brass candlesticks, attest the devotion of the housewife to a godly cleanliness. The spinning-wheel is near at hand; the ancient dresser, and, above all, the corner china-closet, in which is displayed rare mementoes of the choice blue porcelain ware, once the pride of some old family table. In the chimney corner or bustling around the room, in old Dutch costumes, may be seen Mrs. Judge ROOSEVELT, Mrs. RUNNELLS, Mrs. Dr. BROWN, Miss ROOSEVELT, and other ladies of the committee, which is composed exclusively of representatives from the oldest Dutch families in the State.

To enumerate all the rare and curious things that are to be seen in the Kitchen would be impossible, but no person can ever say they have seen the Metropolitan Fair until they have visited the Knickerbocker Kitchen. It will be in full operation to-day. Lunch, tea, caudle and coffee will be served up at all hours; the fire in the great fire-place will be lighted, and let all remember that it is one of the great Altars of Charity at which they can present their offerings.

THE INTERNATIONAL DEPARTMENT.

This department challenges any other in splendor and beauty, and is one of the largest in the Fair. All nations are represented. Upon the window-screens appear the arms of Russia, Great Britain, France, Austria, Prussia, Denmark, Belgium, Hamburg, Turkey, Sweden, Greece, Poland, Spain, Bavaria, Germany, Ireland, Brazil, Mexico, Ionian Isles and Venezuela. The room is draped with American flags, arranged in the most tasteful manner.

The *chef d'œuvre* of this room is the fountain and aquarium in the centre, surrounded by a bed of growing plants and shrubs in full bloom, comprising specimens of all the choice varieties. When complete, this fountain, with its encircling parterre, will rival the famous temple of Flora in Fourteenth-street. Some of the finest goods in the whole Fair will be offered for sale in this room. Many imported goods, sent expressly to this department, a large assortment of children's clothing, and fancy articles of every variety. This room will also be opened this morning for the exhibition and sale of goods.

THE CLILDREN'S DEPARTMENT.

The performances that were advertised to take place here, as well as the concert in the Music Room, were postponed last evening on account of the inclement weather and the unfinished state of the room. Everything will be in order to-day, and a grand time is in prospect for the little ones. The stage is handsomely fitted up, and an abundance of seats provided for spectators. The large bell in Union Park will be rung to-morrow to announce the opening hour.

Connecticut Election—Gov. Buckingham's Majority About 5,500.

NEW-HAVEN, Tuesday, April 5.

The entire State, with eighteen towns to hear from, according to the *Palladium* figures, gives BUCKINGHAM 5,653 majority. The full returns will undoubtedly add to the Union majority. The Union party have six-sevenths of the Senate, and three-fourths of the House.

SECOND DISPATCH.

HARTFORD, Tuesday, April 5.

We have returns from all but three towns in the State: New-Fairfield, Chester, and Roxbury. The footings are BUCKINGHAM, 38,445; SEYMOUR, 32,904; BUCKINGHAM'S majority, 5,541. The Senate is eighteen Union to three Democrats; the House is one hundred and fifty-eight Union to seventy-two Democrats, thus giving the Union party two-thirds of the Legislature, which secures an amendment to the Constitution, allowing soldiers to vote.

Mayoralty Elections, &c.

ST. JOSEPH, Mo., Monday, April 4.

Complete returns show the election of R. RENWICK, the Radical candidate for Mayor, by two votes.

The Council stands seven Radicals and three Conservatives.

CINCINNATI, Tuesday, April 5.

At the election for city officers, held here yesterday, about a three-fifths vote was polled. The Union majority is about forty-seven hundred.

Returns from the interior towns are meagre.

Lancaster gives 50 Union majority; Troy, 130 Dayton, 300; Cleveland, 1,500.

The Democrats carry Columbus.

CLEVLAND, O., Tuesday, April 5.

The city election, yesterday, went for the Union ticket by 1,500 majority in a light vote.

MILWAUKEE, Tuesday, April 5.

At the city election, to-day, the Democratic ticket was elected by the usual majority. ABNER KIRBY was chosen Mayor.

From St. Johns, N. F.

ST. JOHNS, N. F., Tuesday, April 5.

Several arrivals from England, after fifteen to eighteen days passage, report no ice east of this. Steamers should soon call off Cape Race.

Thete is nothing by sealers yet. Their prospects could not be worse.

VALUABLE COLLECTION OF CHOICE OIL-PAINTINGS.—HENRY H. LEEDS & CO. will sell at auction, on SATURDAY EVENING, April 9, at 7 o'clock, at the old Dusseldorf Gallery, No. 548 Broadway, next door to Tiffany's:

AN EXCEEDINGLY CHOICE AND IMPORTANT COLLECTION OF ORIGINAL AND VALUABLE PAINTINGS, by the greatest artists of the French and German Schools, not one of which has ever been seen on this side of the Atlantic prior to the present exhibition, collected during several years' residence in Paris by an American gentleman of wealth and well-known taste and liberality. They have been consigned to Mr. SAMUEL P. AVERY, of this City, under whose direction and advice they have been collected and will be offered for sale. The name of this gentleman is a sufficient guaranty of the high quality and genuineness of the works presented.

The works of many artists will now be seen for the first time in America, and also others most difficult to obtain. In brief, we may mention fine examples of

EDWARD FRERE, KANUS, MERLE,
TROYON, ISLEBERT, WILLEMS,
GUILLEMEN, DUVERGES, VERBOECKHOVEN,
LANFANT DE METZ, LE POITTEVIN, KOEK KOEK,
ANKER, BRILLOUIN, COMPTE CALIX,
HUBNER, and others.

Also, the old favorites: The American THOM, PECRUS, PATROIS, CASTAN, BOURGES, LEMMENS, COUTOURIER, SALMON, CAILLE, MONTFALLET, LAMBERT, TRAYER, OESCHWILLER, BORNSCHLEGEL, DANSAERT, LASSALLE, &c., &c.

The Landscape department will possess unusual interest and merit—several of the artists being for the first time represented—including specimens by

DAUBIGNY, COROT,
VEYRASSET, ANTEROCHE,
ROZIER, CHAIGNEAU.

A few choice WATER-COLOR DRAWINGS, by the popular artists, DAVID, MARHON, LE BAS, MARELK.

All of these fine works of art have been selected especially with the view of getting representative works of the artists, and have been painted at the best period of their lives, a number dating back several years, and some being the exhibition works of the artists for 1863.

All are in excellent condition, having been submitted to the artists for revision previous to shipping. The frames are nearly all new and elegant, the choicest pictures being protected with cases and heavy plate glass.

They will be on exhibition from March 31, day and evening, until the evening of sale, (with catalogues,) and fine photographs of the principal pictures can be seen at the art emporiums and book stores on Broadway.

NEWS OF THE DAY.

THE REBELLION.

News from the armies in Louisiana is received to the 27th of March. At that date Gen. Franklin's column of Gen. Banks' army had reached Alexandria, and Gen. Smith's army was just leaving it on their advance to Shreveport, which, it was believed, would be taken without resistance from the enemy.

A private letter from Tennessee states that the town of Bolivar has been honored by another visit from Hurst's guerrillas. They robbed the citizens, and, in passing the shop of Mr. Wells, they fired at the window; the ball passed through a bench, and struck an old lady named Ramsey, injuring her but slightly. The town of Jackson was almost entirely destroyed by fire a few days ago. The finest buildings on the square were consumed, The fire is supposed to have been the work of an incendiary.

Reports of extreme quiet come from the Army of the Potomac. The weather has been very wet for the past week, and the roads are in a horrible condition. Mosby and his choice spirits have ceased to trouble the lines or harass the sutlers. Everything indicates the zeal and energy with which both armies are preparing for the great, deadly final campaign of the rebellion. The number of deserters from the enemy is less numerous than heretofore, owing probably to the increased circumspection of the officers.

A report was in circulation at Vicksburgh on the 28th ult., to the effect that Polk's rebels were taking up their old lines on the Big Black and Yazoo.

Gen. Grant left Washington yesterday for the Army of the Potomac

CONGRESS.

In the Senate, yesterday, Mr. Anthony submitted an amendment, intended to be proposed to the bill for the relief of the Justices of the Supreme Courts and District Courts at the age of seventy, if they desire it, giving Justices of the Supreme Court $4,000 to $6,000, according to the length of their official service, and three-fourths of their salaries to Justices of the District Courts, provided such salaries shall not be less than $2,000 each, in cases where the service has exceeded fifteen years. The Anti-Slavery Constitutional Amendment came up in regular order, and Mr. Johnson, of Maryland, spoke at length and with much force in faver of the amendment. Mr. Saulsbury obtained the floor, and the Senate then adjourned.

In the House, yesterday, Mr. Arnold, of Illinois, reported a bill for the construction of two bridges over the Ohio River, at the falls below Louisville, to enable the railroads in Illinois and Indiana to carry freights into Kentucky without transshipment. Referred to the Committee on Roads and Canals. A resolution by Mr. Holman, of Indiana, directing the Military Committee to report a bill for the increase of soldiers' pay, was referred to that committee. A motion to give the Naval Committee ten days' leave of absence in order to visit localities in the West, with a view of selecting sites for naval yards, and depots, was laid on the table. The House then considered the National Bank Bill, and adopted an amendment that nothing in the act shall be construed to prohibit the taxing of banking capital for State and municipal purposes; provided the taxes shall not be higher than the rate imposed by States on the same amount of moneyed capital in the hands of individuals. Several objectionable amendments were voted down, when the House adjourned without further action.

LEGISLATURE.

In the Senate, yesterday, Mr. Laimbeer presented a petition from Mayor Gunther, asking that the petitions of the Taxpayers' Association be granted. Among the reports made was one against granting Laight-street Pier, New-York, to the marketmen. Agreed to. And another providing for the sale of Quarantine lands. Bills were introduced to repeal the two per cent. per mile passenger fare restriction on the Central Railroad, and to amend the General Gas-light Law, by providing that all gas-light companies shall furnish metres and supply service-pipes from the mains to the buildings free of expense; also that the bonds of any gas company may be converted into its stock. The bill for the State monument at Gettysburgh was reported favorably. The bill incorporating the Corn Exchange Warehouse and Security Company was ordered to a third reading.

In the Assembly the Soldiers' Voting Bill was passed by a vote of 87 to 15. Also, a bill empowering the Northern Railroad Company to mortgage its property; incorporating the Painters' Protective Association of New-York; relative to proceedings to determine claims to real property, applying thereto the provisions of the Code of Procedure. Relative to the wharves and slips in New-York leased to the Delaware and Raritan Bay Railroad Company, and for the constitutional amendment providing for five Commissioners of Appeal.

GENERAL NEWS.

Some wag nominated the "O. P. F." for Constable of Lancaster Township, at the recent election. But the ex-President obtained only a small vote from his neighbors for that responsible office. The ballot resulted as follows: Henney, Republican, 67; Buchanan, Anti-Coercionist, 19; Manchin, Moderate Copperhead, 7.

Abner Kirby, (Democrat,) was yesterday elected Mayor of Milwaukee. Kirby is a sort of "war-horse" politician, and takes somewhat after the Tammany style of Democracy of this City. Such as he is, he is an improvement on some of Milwaukee's former Mayors.

The Indianapolis *Journal*, of Saturday, says: "A dispatch from Gov. Morton, at New-York, yesterday, announces that he has completed negotiations with Winslow, Lanier & Co. for the payment of the installment of interest on the State debt falling due next July, so that there will be no failure or delay in meeting the obligations of the State."

The Live Stock markets are lightly supplied with animals for slaughter this week. The receipts are, Beeves, 3,487; Calves, 832; Sheep, 8,673; Hogs, 6,862; the total being 6,800 less than last week. Fortunately the numbers were large one week ago, or the supply would now be very short. As it is, prices of cattle, sheep and hogs are considerably higher, and there are not enough to meet the demand....Beef cattle did not sell as quickly at Forty-fourth street as the small number offered Monday and Tuesday, (2,957,) would indicate. The ½c. ℔ ℔. advance asked, led butchers to curtail their purchases as much as possible, which they were the better enabled to do, on account of free purchases at the previous market. Good fat bullocks were sold for 16c. ℔ ℔. by actual weight, and for some sold at $135 to $140 ℔ head, the meat will be 16½c. Poor thin steers brought 12½c.@13c., the sales averaging near 14c. ℔ ℔., making as high prices as were reported during the high rates of March. Stock all sold, and more wanted. ....Sheep are ½c. higher than last week, with an inadequate supply. Fat stock is worth 9½c., and extra Sheep 10c. ℔ ℔....Live Hogs are scarce, and selling quickly at 9c. for corn-fed, and 8¾c. for still hogs.

Breadstuffs were in more demand yesterday; Flour was dearer; Wheat advancing. Provisions were freely purchased; Pork was higher. Whisky was active at firmer rates. Sugars were in fair demand and decidedly dearer. Copper, Tallow, Leather and Petroleum were in good request at buoyant rates. Moderate freight engagements were reported, but at low figures. Other branches of trade presented no really new feature.

The Stock Market yesterday was generally steady, and on part of the Railway shares firm. Government Securities in demand and advancing. Gold 165½ for Customs; Exchange on London 180¼@181½ ℔ cent. Money active at 7 ℔ cent. to Stock Exchange borrowers.

The Anti-Maximilian Declaration of the House.

The unanimous declaration of the popular branch of Congress that the United States will not assent to any monarchical Government in Mexico, erected under the auspices of any European Power, is but the expression of the universal feeling of the people. We are glad the resolution was couched in the simplest form—that it was kept entirely free from the high-flown rhetoric which usually overlays such Congressional manifestoes, as if there were something imposing in the mere accumulation of words. A fixed purpose, in common life, always announces itself in brief terms. A man who is really determined not to submit to a wrong act never declaims. The more in earnest he is, the briefer he is apt to be. There is no reason why public deliverances should not follow the same natural method. It may not, in fact it would not, tell quite as forcibly in the way of buncombe, but so much the better. The prime motive of such a declaration is that it is meant for the calm consideration of statesmen abroad, and not for domestic buncombe. If it carried on its face that it was prompted by the latter, it would neither receive nor deserve respect. The conciseness and simplicity of that resolution, though not agreeable to such flamboyant Democrats as Mr. Cox, will only give it consequence abroad.

The American people perfectly well understand that the real object of this new monarchy in Mexico is not the good of the Mexican nation, but the prevention of the further enlargement of their own Republic. The French Emperor, himself, in his memorable letter of instructions to Gen. Forey, explicitly announced that one of the valuable results which would come from the success of the expedition, would be the establishment of a balance of power on this continent. That was the primary purpose of the intervention. It was an old idea, often dwelt upon by the Tory orators and presses of England, and by the advocates of strong Government on the Continent. It would probably never have taken other shape than mere talk, had not the outbreak of our rebellion presented, as was thought, a peculiarly favorable opportunity for its practical establishment.

The European doctrine of the balance of power had its origin in the land of Machiavelli, and in his time, too, unless we mistake. It is in every way well suited to the chicanery and finesse of European diplomacy. It little concerns us how this doctrine is recognized and exercised among the Powers of Europe, but it is very certain that the American people will never acquiesce in its application this side of the Atlantic. If there be one resolution more deeply fixed in the American will than any other, it is to maintain the declaration of President Monroe that no European State shall hereafter acquire additional territory or additional power on the North American Continent. In time past we have been most rigorously excluded from the possession of a single foot of European soil. Every attempt that has been made to procure, for the interest of our commerce, a little naval station in the Mediterranean, has been thwarted by the combined action of almost every Cabinet in Europe. It shall go hard if we do not profit by the example. And, moreover, this nation will never allow any transatlantic Power to limit, directly or indirectly, its geographical area. We have again and again disclaimed all interference with the international affairs of Europe, and shall never consent in any form to European interference in American concerns. Within the last sixty years, our territory, by purchase, by voluntary annexation, and by conquest, has more than quadrupled. There is no reason to suppose that it has yet attained its *maximum*. And whenever, in the future, contingencies may arise, making it both just and expedient to enlarge our domain still further, it will be done. Not all the protectorates, or all the thrones, Europe may set up, will prevent or even materially hinder it.

The new Emperor, so called, embarks for Mexico next week, and goes prepared to enter at once upon his Imperial functions. Though it has been given out from the beginning that he would not consent to rule the Mexicans until it was first established that this was their sincere desire, there is no indication that he intends to determine this matter by an appeal to a popular vote. To all appearance he takes the two facts that certain Mexican leaders have embraced his interests, and that all organized military resistance has nearly come to an end, as sufficient proof that his sovereignty is acceptable. But no such assumption is warrantable. The majority of the Mexicans may, for a time, submit, simply because they have been betrayed by many of the chiefs whom they trusted, and are unable, in their present distracted condition, to make longer resistance to the trained soldiers of France. But acquiescence thus created is not a voluntary acceptance; it is simply an involuntary submission, and is of no moral weight whatever. The very fact that no attempt has been made to get a popular vote prior to taking the sceptre, is in itself conclusive evidence that Maximilian, or those who manage him, were convinced that such a vote would not be in his favor. No intelligent man in the United States will believe for an instant that the Mexicans have so speedily and so completely lost all their love for republican principles, which, through every trial, has been their ruling passion for more than a generation. If they yield to the rule of this scion of the Hapsburgs, it is only as a conquered people. Nothing could be more chimerical than the idea that the power of the United States can be balanced by a throne of this sort, set up by foreign hands in the Mexican capital. Were it not so costly, the whole performance would here be considered a farce.

The Connecticut Election.

The Connecticut election has resulted in a magnificent triumph for the Union cause and the Administration. It is a clear, distinct verdict in favor of the general course which has been pursued in putting down the rebellion. Less effort was put forth on both sides than for many years past. All parties seemed disposed to leave the people for once to the free, unbiased exercise of their own judgments. The press was active in its discussions,—a good many public meetings were held and addresses made: but there was far less of the bustle and stir of an active political canvass than usual. Yet the State gives a larger majority for the Administration than it has given for many years to any political party. The majority for Buckingham will exceed 8,000. Last year the Republicans considered themselves lucky to carry the State by 1,500.

This election following that of New-Hampshire, indicates unmistakably the drift of public sentiment throughout the country. It bears testimony, that cannot be disputed or mistaken, to the fact that the people are becoming more and more united in their determination to put down the rebellion, and to prosecute the war until that end has been attained. It proves, too, that the policy of the Administration is approved by the people,—that they sanction the resort to emancipation, to confiscation, and to all other just and lawful measures for breaking the power of the rebel Confederacy and reëstablishing the authority of the Constitution. And it may fairly be regarded, also, as indicating, clearly and strongly, the public approval of the initial steps taken by the President to restore the revolted States to the Union and reconstruct the Government, which their rebellion has for the moment overthrown.

The bearing of the election on the Presidential nomination will not escape public attention. The Union Convention, which put in nomination the ticket that has just been elected, also declared the preference of the Union party for Mr. Lincoln as the next Union candidate for the Presidency. The vote just given shows that in this, as in other matters, it correctly represented the sentiment of the great mass of the Union men of the State. In our judgment the same result will attend every similar test of public opinion throughout the North. President Lincoln has won, to an extent never before equaled except in the case of Washington, the full and entire confidence of the people in the integrity and patriotism which he brings to the discharge of his high public trusts:—and, in a time of war, when great and unusual powers are of necessity intrusted to the hands of the Executive, this is a consideration that far outweighs all others. No man, whatever his abilities, who was generally suspected of being swayed by personal ambition, and of seeking his own ends rather than the public good, could possibly have received from Congress and the people such transcendent grants of power as have been bestowed upon President Lincoln. The public faith in his honesty has been the strength of his Administration, and it will be quite certain to demand the continuance in his hands of the power he has never abused, but has always used for the public good.

The Fair Yesterday.—Thirteen thousand four hundred and eighty-seven people visited the Metropolitan Fair yesterday, and forty-three thousand dollars were taken at the door for tickets alone. On Monday night the buildings were crowded; yesterday they were jammed. Monday night individuals had a chance of moving around by their own powers of propulsion—yesterday visitors had the privilege of being carried around in mass. The price of admission yesterday was a dollar, and it will be the same to-day; but to-morrow it will be reduced to fifty cents, so that twice the number of yesterday's visitors will have to be gotten in to make the receipts equal. How this is to be done will be one of the most interesting sights of the fair, and we advise everybody to be there to see. By the way, we would inform Boston that the 18,487 individuals at the fair yesterday were not by any means, all *policemen*. On the contrary, there were but one hundred and one (101) knights of the locust present, all told, and these were not counted in.

Boston on the Fair.—Boston is mad about the great Metropolitan Sanitary Fair. We expected it. For what sort of an affair was the Boston Fair when compared with ours? No sort of an affair at all. The Boston *Advertiser* has been studying up the accounts of the great Fair published in the New-York papers on the day of its opening, and declares that it has "formed the opinion that there will be quite a large display of policemen, flowers, scissors, chicken salad and other things." Now, why this cruel fun? Is it because Boston policemen, Boston flowers, Boston scissors and Boston chicken salad are so much inferior to Metropolitan policemen, flowers, scissors and chicken salad? If so, we are sorry for Boston, for, though we might give it some of our spare scissors and salad, we cannot part with our policemen or other flowers.

A Judicious Disposal of an Improper Request.—We are glad to see that the House of Representatives has laid on the table a request from the Naval Committee for leave of absence to explore the Mississippi River, in order to discover a proper site for a naval depot. The members of Congress are wanted just now in Washington. They have business of importance which should keep them there. Besides, these explorations of traveling committees rarely result in any important discoveries. The members seldom come back any wiser than when they went away, at least on the ostensible subject of their inquiries. These expeditions are usually little more than protracted *sprees*, in which the business in hand plays a very subordinate and unimportant part. If they really want trustworthy information, in order to guide their action, they would do well to send some person familiar, from actual experience, with the requirements of the service, entirely disinterested in the decision of the question, and who will act upon his own judgment, and not upon the representations of interested parties. One such man, who will give the requisite time and study to the matter, is worth all the committees in Congress.

The Park.—Why do not the City authorities take up the posts and clear away the other obstructions that disfigure and encumber the City Hall Park? They might, with a very little care and expense, make it a very serviceable *plaza*, instead of the useless nuisance that it is now. Its day as an ornamental park has gone. Grass will never again grow on it. But if the trees were removed and the whole area flagged, or kept hard and smooth, like the Place de la Concorde in Paris, it would make a most admirable place for reviews and military displays generally.

Academy of Music.

On a "Faust" night there is nothing to do except to repeat the stereotyped statements that the house was filled with an exceedingly brilliant audience, and that the performance went off well. The Sanitary Fair, so far, has not had its anticipated effect on the various places of amusement. Why should it? With our limited supply of theatres and unlimited population to go to them, it would be strange indeed if our meritorious and glorious undertaking were by its deserved popularity to work such dire mischief and confusion. This might happen in a small town, but it is barely possible in a city of New-York's proportions. Indeed, it is more reasonable to expect that the Fair—by bringing many thousands to the Metropolis who might not otherwise visit it at this season—will in the end be of great advantage to all places of popular resort. No one will miss so favorable an opportunity of visiting the principal lyric establishment of the New World, especially at this moment, when the best operas only are being performed, and performed, too, by a company that has not been equaled for many years. With such houses as Mr. Maretzek has had for the past week, the season can be extended far into the merry and moving month of May.

To-night "Lucrezia Borgia" will be given, with Mme. Medori, Signor Mazzoleni, Signor Bellini and Mlle. Sulzer in the principal parts; and, for the sake of the magnificent *finale* to the first act, many other leading members of the company in the small parts, usually intrusted to the chorus.

On Thursday, (to-morrow,) "Lucia" will be given in the Brooklyn Academy of Music, with Miss Harris, Signor Brignoli and Signor Bellini in the cast.

New-York Hotels—Why do they not Contribute to the Fair?

New-York, Monday, April 4, 1864.

To the Editor of the New-York Times:

How does it happen that among the princely contributions from every branch of trade and the professions, to the great Sanitary Fair, the hotel proprietors are unrepresented?

There certainly never has been a period when the hotels of this City have done so prosperous a business. The Astor, St. Nicholas, Metropolitan, New-York and Fifth Avenue, are (and have been for the last eighteen months) realizing over one hundred thousand dollars nett profits per annum, and it is fair to suppose that these enormous profits will be greatly increased by the influx of strangers attracted to the City during the continuance of the fair.

There is no doubt that a committee of the right sort of gentlemen, could or should, obtain subscriptions amounting to over ten thousand dollars from our liberal hotel proprietors.

The five hotels enumerated, alone, represent a capital of, say two millions of dollars, and if their net revenues are over half a million annually, they ought to be willing to give one or two per cent. of their income. Their increased business by reason of the fair will swell their profits more than five per cent. Railways, steamboats, omnibus proprietors, managers of theatres and places of amusement generally, are vieing with each other in their free offerings. Why should hotels be exempt?

FAIR DEALER.

The Mayor to the Legislature.

His Honor, Mayor Gunther, has addressed the following communication to the Legislature, relative to the Tax Levy. It deserves their serious attention, for *three millions of dollars*, which it proposes to save, is a sum too stupendous for them to saddle upon our citizens unnecessarily. Mayor Gunther's proposition is a frank one, based on the knowledge that it can be sustained, and on facts which the Legislature, are doubtless ere this made fully aware of.

To the Honorable the Legislature of the State of New-York:

It is certainly unusual, and it may be entirely without precedent, for the Mayor of this or any other City in the State, to appeal to your Honorable Body, on behalf of the community, whose interests it is his duty to guard. It is usual that petitions invoking the sanction of the Legislature, to enable the inferior and local branches of government to carry out the objects of their formation, receive the consent of the representatives of the locality, and the support and aid of the members sent therefrom. I would not trespass on your patience, if the City of New York was represented as, in my judgment, her population and interests demand. These remarks may displease those who claim to legislate, and those who shape legislation for the City, but they are nevertheless true. It is a lamentable fact, that a majority of the representatives from this City either hold office, receive emoluments from, or are promised lucrative positions under, the various departments, over which the Mayor has no control.

The two branches of the Common Council have passed separate bills, embracing the various items of municipal expenditure, both of which are now before your Honorable Body. Through the failure of the Boards, whether designed or otherwise, to unite, the appropriation bill for City expenses, was never submitted, that I might suggest some plan of retrenchment or reform. These two projects only differ in a few trifling details, and agree in requiring the enormous sum of nearly fifteen millions to be levied by tax. I believe that the City and County Governments can be administered, and the interest on the public debts paid, after reducing the amount three millions.

If your Honorable Body will empower and direct the Supervisors of the County of New-York, to levy a tax for the sum of twelve millions of dollars in gross, and appoint a Commission, consisting of the Mayor, Recorder and Comptroller, who shall associate with themselves, and appoint three of the heaviest property holders, and that their duty shall be to assign and divide the balance left of the twelve millions, over and above the interest on the debt, among the various items of City and County expenditure, as in their judgment may be deemed most proper, a great reform will be effected.

I have learned with great satisfaction that the Citizens' Association of the City of New-York have presented petitions to your Honorable Body, praying for certain amendments to the City Charter, which meet my cordial approbation. One of these is intended to guard the trust reposed in the Mayor, to check improvident or improper legislation on the part of the Common Council. If the temporary absence of the Mayor from the City, or a trifling illness confining him to the house for a day or two, can be taken advantage of by a member of the Board of Aldermen, to deprive him of this check, that which is intended as a wholesome restraint may be nullified to the great injury of the public.

The other is designed to restore to the Mayor control over the Executive Departments, which are now entirely independent and irresponsible to any municipal authority. This condition is at variance with sound political theory, and productive in practice of extravagance and corruption.

I respectfully present the above memorial, and, as in duty bound, will ever pray, &c.

C. GODFREY GUNTHER,
Mayor of the City of New-York.

New-York, April 4, 1864.

A Rebel Colonel takes the Amnesty Oath.

A CURIOUS CORRESPONDENCE.

From the Nashville Union.

The following letters explain themselves. The ceremony of surrendering was to take place day before yesterday, (30th):

Livingston, Tenn., March 27, 1864.

Col. Stokes, Commanding at Sparta, Tennessee:

Dear Sir: Colonel, rumor informs me that I and my command will be allowed by you to appear at Sparta and take the oath of allegiance to the "United States," and in regard to that, Colonel, I wish to fairly understand whether all this is false, or done in order to deceive me. Colonel, if you will assure me that myself and men will be allowed to take the oath and return home; or Colonel, if not contrary to your orders, I had rather take a parole and be exchanged as other prisoners. I prefer the parole.

You will be good enough to let me hear from you as soon as possible; and I will consult my men, and I am sure all will be right.

Colonel, I consider that I am not to blame for the kind of warfare that is carried on in this country, between the few Confederate soldiers and your command, and if you require it, I will give you a full explanation of the Calf-Killer affair, which I am satisfied will give you full satisfaction on my part.

I am, Colonel, very respectfully, your enemy,
JOHN M. HUGHES,
Col. Twenty-fifth Tennessee Regiment, C. S. A.

P. S.—I do this because I believe it to be the only way to save the lives of men. As for myself, it matters not; I had as soon die as be disgraced as a soldier. I joined the Confederate army to fight for three years, and my time will be out the 1st of August next, and then I am no longer a rebel soldier. But, it has always been my rule to fill my contracts, but it seems that I will not be able to fill that.

If this is agreeable, I hope there will be no more killing until the thing is fixed up.

J. M. HUGHES.

Headquarters U. S. Forces, Sparta, Tenn.,
March 28, 1864.

J. M. Hughes, Colonel Twenty-fifth Tennessee Regiment, C. S. A.:

Sir: Yours of the 27th inst., has just been handed to me by Mr. Yelton.

In reply, I must say that the rumor you allude to is correct. I stated to some of your friends, (or at least acquaintances,) that I would permit you and your men to come forward and take the oath of allegiance to the United States Government, and return to your homes in peace, provided you and they would deliver to me your horses, equipments and arms, and were not guilty of murder, robbery or rape.

A soldier is one thing, and a murderer or robber is another. This does not apply to raids made into Kentucky, but to willful and deliberate murder or theft.

I have already permitted some of yours and Hamilton's men to take the oath who had been in these raids, and in all the fights since I came here. They, of course, delivered up their horses and arms—the same I require of you. They, of course, were not, as I was informed, guilty of any of these outrageous crimes.

I prefer not to parole any one, but will treat you and your men as prisoners of war, by sending you around to Camp Chase for exchange, if you prefer it to taking the oath. As to the Calf-Killer fight, where my men were so brutally murdered, I understood it was done by some Texan Rangers and Ferguson's men. I regret very much that it occurred, and since that time have taken but few prisoners. The war of extermination was made upon me, and I was determined to retaliate.

I assure you that what I have said or written is not intended to deceive you, and I hope that you are sincere and honest in what you ask. My object is to stop the further effusion of blood, not that I fear the meeting of your forces or any others. You will at once comply with this by surrendering, or the war of extermination will continue.

Hoping to hear from you soon, I remain your enemy until you surrender,

W. B. STOKES,
Col. Commanding Fifth Tenn. Cav.

We learn from an officer in Col. Stokes' command, who arrived on the cars from Gallatin, that Col. Hughes, Adgt. McDowell, and others, surrendered themselves to Col. Stokes, at Sparta, according to agreement.

A Large Fire in Robinson-street.

DESTRUCTION OF A DISTILLERY AND SEVERAL OTHER BUILDINGS.

Soon after 12 o'clock, yesterday, a fire was discovered on the first floor of the five-story brick building No. 73 Robinson-street. These premises, and also No. 71, on the same street, were occupied as a distillery by Messrs. J. C, Dayton & Co. Owing to the combustible nature of the material—spirits, whisky and other liquors—the entire establishment and contents were destroyed in a very short time after. No. 69, which was mostly unoccupied, was also destroyed as to the woodwork and the internal structure.

The loss of Messrs. Dayton & Co., on stock and machinery, is about $30,000. They are fully insured in City companies. The buildings were owned by George Dayton, were valued at $20,000, and are said to be fully insured.

From the distillery the flames extended to No. 75 Robinson-street, occupied on the first floor as a liquor-store, and the upper floors were tenanted by a number of poor families. The fire extended so rapidly that these families lost nearly all their clothing and furniture, some of the women and children barely escaping with their lives. The liquor store was occupied by J. Curry. His loss on stock and fixtures is about $500. He is insured in the North River Insurance Company for $1,000. The building was damaged about $1,500. It is owned by Peter O'Connor, and is insured for $5,000. The tenants were not insured, with the exception of O'Connor.

Two buildings situated on Robinson-street, directly opposite the distillery, known as Hudson River Bull's Head, and occupied by A. S. Chamberlain as a yard for the sale of hogs and sheep, caught fire several times. They were damaged to the amount of several hundred dollars. No. 264 Washington-street is occupied by Messrs. Stegman & Moller, grocers and provision dealers. Their stock was damaged about $600; insured for $31,000. The building, which is owned by Messrs. Johnson & Lazarus, is damaged to the extent of $200 or $300. The rear portion of the adjoining building, occupied by Messrs. Allan & McLaren, grocers, was also damaged to some extent. It is owned by George Dayton. The stock of Allen & McLaren was damaged by fire and water about $1200, fully insured in the Etna and Gebhard Insurance Companies. The flour and grain establishment of Krom & Tinkey, on the corner of Robinson and Washington streets, was considerably damaged by water.

The origin of the fire is said to have been from the flame of a lamp coming in contact with some liquor, as it was being pumped out of a vat by an employe of the establishment named Nicholas Schmit.

Capt. Greer, with Sergeants Finney & Hastings, of the Third Precinct, and the reserve force of the adjoining precincts, were promptly on the ground, and rendered valuable assistance in saving property.

FROM ALBANY.

Passage of the Soldiers' Voting Bill—Amendments to the Charter of New-York—Petition from Mayor Gunther.

Correspondence of the New-York Times.

Albany, Tuesday, April 5, 1864.

The Assembly passed, this morning, the bill providing the manner in which soldiers shall vote. This bill provides that soldiers may send their ballots, duly certified by affidavit, (that they are legal voters, &c.,) to the inspectors of election, marking their letters, on the outside, "soldiers' vote." This may be done at any time within sixty days before an election. The bill has yet to be considered, and approved or rejected, by the Senate. The Assembly also passed the bill legalizing the corporate action of the village of Cohoes in raising money to pay commutation and procure substitutes for drafted men. Also, a similar bill legalizing action of Rockland County. These two bills, it will be remembered, have occasioned much discussion during the session, and both of them were lost two weeks since on third reading, but were revived to-day by reconsideration. As the session draws toward its close, it is, as usual, observable that bills which would have met with a good deal of opposition in the early part of the session, are passed without debate.

Senator Laimbeer, presented, this morning, the petition of the Mayor of the City of New-York, asking that the control of the departments shall be placed in the hands of sundry persons. The last part of the petition reads, "I have learned with great satisfaction that the Tax-payers Association of the City of New-York have presented petitions to your honorable body praying for certain amendments to the City Charter, which meet my cordial approbation. One of these is intended to guard the trust reposed in the Mayor, and check improvidence or improper legislation on the part of the Common Council. If the temporary absence of the Mayor from the City, or a trifling illness confining him to his house for a day or two, can be taken advantage of by a member of the Board of Aldermen, to deprive him of his check, that which is intended as a wholesome restraint, may be nullified, to the great injury of the public. The other is designed to restore to the Mayor control over the executive departments, which are now entirely independent and irresponsible to any municipal authority. This condition is at variance with sound political theory, and productive in practice of extravagance and corruption."

The bill providing for the extension of the Chenango Canal passed the Assembly to-day. It is still to be considered by the Senate.

The militia question is exciting a good deal of interest in the Assembly, and is still to be disposed of in some way before final adjournment. The bill reported by the Military Committee was discussed at length last evening, and a special session for its further consideration is appointed for this afternoon.

A Popular Establishment.—We have before alluded to the success which has attended the enterprise of Mr. J. T. Ellis, in establishing, at Nos. 937 and 939 Broadway, a great central emporium for the sale of Wheeler & Wilson's celebrated Sewing-machines. The fact that the proprietor exhibits so much liberality toward the poor working-women of the metropolis, in enabling them to supply themselves with sewing-machines on the most easy terms, commends his enterprise to the support and patronage of the public at large. We are always ready to commend and encourage such laudable and deserving enterprise.—*Sunday Mercury.*

Morton's Gold Pens are now sold at the same prices as before the commencement of the war; this is entirely owing to the Manufacturer's improvements in machinery, his present large Retail Business and Cash-in-Advance System; for, until he commenced advertising, his business was done on Credit and *strictly with the Trade.*

The Morton Gold Pens are the only ones sold at old prices, as the makers of all other gold pens charge the Premium on the Gold, Government Tax, &c.; but Morton has in no case changed his prices, wholesale or retail.

Of the great numbers sent by mail to all parts of the world during the past few years, not one in a thousand has failed to reach its destination in safety; showing that the Morton Gold Pen can be obtained by any one, in every part of the world, at the same price, postage only excepted.

Reader, you can have an enduring, always ready, and reliable Gold Pen, exactly adapted to your hand and style of writing, which will do your writing vastly cheaper than Steel Pens; and at the present almost universal High-Pressure Price of everything, you can have a Morton Gold Pen cheaper, in proportion to the labor spent upon it and material used, than any other Gold Pen in the World. If you want one, see "The Pen is Mightier than the Sword," in another column.

CERTIFICATE OF TWENTY-EIGHT YEARS' USE.

Newcastle, Westchester Co., N. Y., Aug. 11, 1861.

Dr. B. Brandreth:

My Dear Sir: I am now seventy-nine years old, and for the last twenty-eight years have been a constant user of your Vegetable Universal Pills when sick, fully realizing the advantage of enforcing purgation with a medicine which, while harmless in its nature, removes all impurities. I can safely say that the vigorous old age I now enjoy has been caused mainly by the timely use of Brandreth's Pills. I have had, in these last twenty-eight years, several fits of sickness, and occasionally some infirmity of age would press upon me. At these times I have always found your Pills a sure remedy, giving me not only health but strength. I consider them, therefore, not only invaluable as a tonic—qualities possessed by no other medicine known to me. I have never, during these last twenty-eight years, used any other medicine whatever, being convinced, by experience, that none was as good. Brandreth's Pills have also been freely used by my neighbors in every kind of sickness, and have never been known to fail when promptly administered.

Yours truly, NATHANIEL HYATT,
Justice of the Peace for forty years in Westchester Co., New-York.

BRANDRETH'S PILLS are sold at 25 cents per box, enveloped in full directions. Purchase none unless my PRIVATE GOVERNMENT STAMP is on the box. See upon it B. BRANDRETH, in white letters.

DEAFNESS AND CATARRH CURED.

No. 420 Sixth-av., New-York, Dec. 2, 1863.

I was deaf for several years, and hearing of the great cures performed by Dr. Von Eisenberg, I was induced to place myself under his care, and I am now happy to state that my hearing was entirely restored after a short treatment. I was also suffering from chronic catarrh, of which I was also cured by the skillful treatment of Dr. Von Eisenberg. I do but justice to the Doctor in stating that in treating me he displayed that skill and knowledge which have already procured for him such a deserved reputation, and that the principles which direct his system of curing Deafness and Catarrh are such as to render success certain, in my opinion. Many months have passed since Dr. Von Eisenberg restored my hearing, and it continues as good as ever.

CATARRH CURED.

READ!

I have been suffering for a long time from a severe Catarrh, with a continual dullness in my head, a tightness across my chest, a weight over my eyes, which were weak, watery, and very painful. My nostrils were constantly obstructed with a pouring fluid. That frequent sneezing, hoarseness of my voice, often attended with a fullness of my throat, great soreness, and a continual dropping. Dr. Von Eisenberg has cured me of all these disagreeable sufferings. [illegible] may, indeed, say that I feel a new life. The treatment of Dr. Von Eisenberg is as skillful as it is successful. It is in my opinion impossible to overrate the benefit I have received at his hands. I heartily recommend any one sufferin like myself to place themselves under Dr. Von Eisen erg's care, with a certainty of being speedily cured.

Harlem, July 30, 1863.

I have been deaf for over twenty-five years, and Dr. Von Eisenberg operated on both of my ears without the slightest pain—a thing that I could not believe could be done. I now *hear* well, and feel as I never felt for the last twenty years. The dexterity and skill with which the operation was performed evince the highest practical ability. [illegible] *hear perfectly.* It is now over a month since the operation, and I continue to feel as well as ever.

No. 134 Allen-st., New-York, Feb. 9, 1863.

I have been completely deaf in one ear, and partially so in the other, for above seventeen years, with a disagreeable discharge from both ears, combined with continual rumbling noise in the head, for which I have been treated by a most eminent practitioner in the City without the slightest relief.

I consulted Dr. Von Eisenberg, but I must candidly say that I had no faith in his success when I did so. It is, therefore, due to Dr. Von Eisenberg to acknowledge that I am entirely cured; also, that he displayed that skill and knowledge which have procured for him such an unrivaled reputation. As I have had an opportunity of comparing his mode of treatment with that of others, I can truly state that it is not only superior, but the principles which direct his mode of restoring the hearing are, in my opinion, certain.

JOHN TAYLOR.

New-York, July 19, 1862.

This certifies that my mother has been for some time afflicted with partial deafness, suffering from pain, and rumbling noises in the head, together with other indications of a *total loss of hearing.* Dr. Von Eisenberg removed from her ears a great quantity of matter, together with coagulated blood, relieving her instantaneously, and all without pain. It is with grateful thanks that I give this testimony to his skill.

CHRONIC CATARRH CURED.

READ.

New-York, March 20, 1863.

"This is to certify, that I have suffered from very severe CHRONIC CATARRH, with a dull heaviness in the head. I felt my nose completely stopped up accompanied by continual soreness of the throat, the chills stealing over me with occasional hot flushes, a great tightness of the chest and pain, so much so, that every one thought it was consumption. Having heard of the great cures performed by Dr. Von Eisenberg, I consulted him with but little hope of a cure. I am now happy to be enabled to add my testimonial to the great number already in the Doctor's possession, as to his scientific and successful mode of treatment, as he has shown in my case that skill and knowledge which have procured for him so great a reputation. I am so entirely restored to perfect health that I do most sincerely recommend all sufferers from CHRONIC CATARRH and SORE THROAT to apply at once to Dr. Von Eisenberg with a certainty of being cured."

Consumption has destroyed more of the human family than any other disease, and the best physicians for many years have despaired of a cure, or a remedy that would heal the lungs; but for more than two hundred years the whole medical world has been impressed that there was a mysterious power and efficiency in the Pine Tree Tar to heal the lungs; therefore they have recommended the use of Tar Water, which in many cases has a good effect; but how to combine its medical properties so as to heal the lungs, has ever been a mystery until it was discovered by Dr. L. Q. C. WISHART, of Philadelphia, Penn., the proprietor of Wishart's Pine Tree Tar Cordial, and has been put in bottles, patented by the United States Government. We say to the afflicted that Dr. WISHART'S Pine Tree Tar Cordial will produce the INVIGORATION OF THE DIGESTIVE ORGANS, THE STRENGTHENING OF THE DEBILITATED SYSTEM, THE PURIFICATION AND ENRICHMENT OF THE BLOOD, which must expel from the system the corruption which scrofula breeds. While this is effected by the powerful alterative (changing from disease to health) properties of the Tar Cordial, its healing and renovating principle is also acting upon the irritated surfaces of the lungs and throat, penetrating to each diseased part, relieving the pain, subduing inflammation and restoring a healthful tendency. Let this twofold power, the healing and the strengthening, continue to act in conjunction with nature's constant recuperative tendency, and the patient is saved, if he has not too long delayed to resort to the means of cure.

We say to all whose lungs are affected, use Dr. Wishart's Pine Tree Tar Cordial with great confidence, as it has restored thousands of cases to health that were hopelessly given up to die.

This volume has been prepared by the author of the recent articles in the *Atlantic Monthly* on "The Use of the Rifle," in order to meet a demand which has been growing since the commencement of the war. The only recent American works on the subject are technical and scientific, or adapted solely to military readers, and the best foreign works are not calculated to meet the present wants. A very large number of new guns have appeared lately, the comparative merits of which few persons have an opportunity of testing. At the same time the number has very largely increased of those who are impressed with the importance of making themselves familiar with the use of firearms, and who are at a loss to select from the number offered for sale.

This volume contains an explanation of the principles upon which the best performance depends, so that any one may judge for himself how far they are adhered to in any case. Accurate descriptions of the best firearms and statements of their capacity are also given, with more than 30 engravings. The whole subject is presented in such a manner as to prove interesting to the general reader.

SUBSCRIPTIONS WILL BE RECEIVED at this office on WEDNESDAY, the 6th inst., for $1,600,000 of the Capital Stock of this Company, for the purpose of extending the line to Austin, the point of junction with the Minneapolis, Fairboult & Cedar Valley Railroad.

The Company have forty miles of road nearly completed, and means in hand to construct and equip twenty miles more, making sixty in all, and leave the same entirely free from floating debt.

It is proposed, by the present sale of stock, to provide means for completing and equipping the remaining sixty miles, and to have the whole ready for business early in the Spring of 1865.

The road traverses the most populous and fertile portion of the State of Iowa, and has no competion for fifty miles on either side. In the judgment of its managers, it is destined to pay large dividends to its stockholders from the moment of completion. It is believed that so favorable an opportunity to invest in a most promising railway security is rarely presented to the attention of capitalists.

NOTICE TO THE FIRST AND SECOND MORTGAGE BONDHOLDERS OF THE PITTSBURGH, FORT WAYNE AND CHICAGO RAILWAY COMPANY.—The Board of Directors of the Pittsburgh, Fort Wayne and Chicago Railway Company have requested the undersigned to call meetings of the First Mortgage and Second Mortgage Bondholders, in pursuance of the provisions of the deeds of trust, for the purpose of considering certain modifications of the present financial system of the company, to which the assent of a majority in interest of each of those classes of bondholders by a vote at a meeting is necessary. The principle of the proposed measures was submitted to the annual meeting of the corporation held at Pittsburgh on the 16th inst., at which were represented a majority of the stockholders and of each class of the bondholders, and was unanimously approved.

The undersigned, therefore, in exercise of the authority conferred upon them by Article 12 of the First and Second Deeds of Trust, give notice that

MEETINGS OF THE FIRST AND SECOND MORTGAGE BONDHOLDERS

will be held at the banking house of Winslow, Lanier & Co., No. 52 Wall-st., in the City of New-York, on THURSDAY, the 7th day of April, 1864, at 11 A. M., for the purpose of considering the aforesaid measures.

At such meetings the bondholders, if registered, may vote in person or by proxy.

Registration on the Voting Register can be made by any holder at the office or agency of the company, at the banking house of Winslow, Lanier & Co., where the books are now open for that purpose, *on presentation by the holder of his bonds, or on his filing the written order of the person last registered as the holder.*

The registration was originally in the names of the persons to whom the bonds were issued. In cases in which the bonds have since changed hands, the present holder can vote only by registering himself, or upon the proxy of the person last registered.

A general attendance of the bondholders is earnestly requested, as well to act on the questions aforesaid, as to perfect the organization contemplated in Article 12 of the Deeds of Trust.

The meetings of the First and Second Mortgage Bondholders will be held separately, but at the same time and place and the holders of the Third Mortgage Bonds are invited to be present, though their action is not required by the Trust Deeds.

The resolutions adopted at the annual meeting, and the resolution of the Board of Directors requesting a call of meetings of the bondholders, are subjoined.

JOHN FERGUSON, } Trustees for the First and
SAMUEL J. TILDEN, } Second M'tge Bondholders.

RESOLUTIONS

Recommended by the Board of Directors to the Stockholders for adoption at the Annual Meeting, March 16, 1864.

Resolved, That it is expedient that expenditures for construction, equipment and objects pertinent thereto, involving new capital, should in the main be provided for by an increase of capital stock of the company.

Resolved, That the increase of capital stock should be made solely for the purpose of building and completing a double track, or such part thereof as may be expedient, and for equipping the road and providing such additional rolling stock, machinery, appurtenances and other facilities as may be necessary to properly do all the business which may offer, and for no other purpose, and should only be issued from year to year in such amounts as the stockholders at their annual meetings may decide upon. Their decision shall be based upon detailed estimate, made by the Board of Directors, of the amount of money necessary for the work of the year, and that the new issue of stock shall only be sold after public notice.

Resolved, That the increase of capital for 1864 shall not exceed $3,500,000.

Resolved, That the stockholders hereby recommend, and, as far as may be necessary, authorize the Board of Directors to make such agreement or arrangement with the holders of the bonds under the trust deeds as will enable them to increase the capital stock, as indicated in the preceding resolutions.

Adopted unanimously by vote of $4,563,000 out of $6,500,000 of stock; $3,729,500 out of $5,250,000 of first mortgage bonds; $3,766,000 out of $5,160,000 of second mortgage bonds, and $1,526,000 out of $2,000,000 of third mortgage bonds, and $400,000 not voting because not registered.

Resolution adopted by the Board of Directors this day:

"*Resolved*, That the Trustees under the mortgages, Samuel J. Tilden and John Ferguson, be and they are hereby requested to call, at the earliest moment possible, a meeting of the bondholders, in the City of New-York, to act upon the resolutions adopted by the stockholders at their Annual Meeting in the city of Pittsburgh, on the 16th day of March, 1864, and to obtain, if possible, the assent of the bondholders thereto.

MORSE & CO.,
No. 24 William-st., New-York.
APRIL 5, 1864.

NEW-YORK, April 4, 1864.

I visited this Mine in the month of December, 1863, accompanied by Guido Kustel, the most distinguished Metalurgist and Mining Engineer on the Pacific coast, for many years the Manager of the Ophir Works, and author of a valuable treatise on the "Processes of Silver and Gold Extraction," recently published in California. My opinion of the value and quality of this Mine is based on information derived from this gentleman, and on my own observations at the Mine.

The Mine is situated in Arizona, about three miles north of the northern boundary line of Sonora, and five miles distant from the celebrated Mowry Silver Mines; it is accessible at all seasons of the year, either by the way of Los Angelos, Libertad, or Guaymas. But little work has been done in developing the mine; enough, however, to discover the width and extent of the lode and determine the quality and value of the ores.

Where the shaft is sunk the vein is from four to six feet wide between lime-rock and garnet, running east and west, and exhibits galena or sulphuret of lead, carbonate of lead, zinc-blend and copper-pyrites; the richest is the sulphuret of lead, assaying one hundred and fifty-five dollars per ton; the vein has been prospected about half a mile. Mr. Kustel, in a letter addressed to the San Francisco owners, says: "The San Antonio lode appears, where the shaft is sunk, a good wide vein of ore, easy to reduce by fire, and will pay on an average, according to the proportions of the different metals, from seventy to ninety dollars per ton."

I believe there is an abundant supply of this ore, and that by an expenditure of a comparatively small sum of money, the mine can be put in a condition to produce 40 tons per day; if this ore averages only $80 per ton, the gross product of the mine would exceed $3,000 per day; the entire cost of mining and reducing a ton of this ore will not exceed twenty dollars.

On the premises, about 200 yards from San Antonio lode, in a N. E. direction, there is a very rich copper lode, six feet wide; the ores which we obtained from this lode, considered a fair average, assayed 80 ℔ cent. of copper and $76 in silver. Miners can be obtained in any number in the immediate vicinity, at about $10 ℔ month.

The reduction works of the mine are three miles distant from the mine, consisting of a small engine and two furnaces. There is an abundance of wood and water for all purposes on the property.

I consider the San Antonio a very valuable Silver Mine, if worked with skill and energy, it will produce most satisfactory results.

PRIVATE DISEASES CURED IN THE shortest possible time, by DR. WARD & CO., No. 50 Lispenard-st., near Broadway, without the use of Mercury, loss of time or change of diet. Dr. WARD, from the hospitals of London, Paris and Edinburgh, is the discoverer of the only certain and reliable remedies for diseases of a private character. In 28 years' practice he has cured more cases of Secret Diseases and Wrong Treatment than all others combined. I can and will cure you in less time and at less expense than any other can or will, and those who have been robbed of their money and health, call; it will take but little money and time to restore you. If you have been unfortunate, call at once. By his special experience in this much neglected branch of medical science, he is enabled to guarantee a cure in the most complicated cases. Recent cases of Gonorrhœa or Syphilis cured in a few days, without change of diet or hindrance from business. Secondary Syphilis—the last vestige eradicated without the use of Mercury. Involuntary emissions stopped in a short time. Sufferers from Impotency, or loss of sexual power, restored to full vigor in a few weeks, permanently and speedily cured by a new treatment. Persons at a distance failing to receive prompt treatment elsewhere, may get a permanent cure effected by writing a full diagnosis of their case, addressed to Dr. WARD, No. 50 Lispenard-st. MUSICAL.

CHICKERING & SONS

MANUFACTURERS OF GRAND, SQUARE, AND UPRIGHT PIANO-FORTES, No. 652 BROADWAY.—The superiority of these instruments has of late been amply demonstrated by the voluntary testimony of the foremost artists of the day, who claim for them excellencies of tone and workmanship hitherto unobtained by any other makers.

Mr. GOTTSCHALK'S constant use of the NEW SCALE CHICKERING GRAND PIANO-FORTES has severely tested their musical qualities, and resulted in establishing the justice of the very flattering estimation in which they are held.

STEINWAY & SONS'

GOLD MEDAL GRAND AND SQUARE PIANOS are now considered the best in Europe as well as this country, having received the first Prize Medal at the World's Exhibition in London, 1862.

The principal reason why the Steinway Pianos are superior to all others, is, that the firm is composed of five practical pianoforte makers, (father and four sons,) who invent all their own improvements, and under whose personal supervision every part of the instrument is manufactured. Warerooms, Nos. 71 and 73 East 14th-st., between Union-square and Irving-place, New-York.

NEW MUSIC.

"THE SANITARY FAIR POLKA," dedicated to the patrons of the Sanitary Fair. Composed by Mrs. PARKHURST. This is a perfect gem, played nightly by the Band at the Brooklyn Fair. Price, 25 cents.

HORACE WATERS, Publisher, No. 481 Broadway.
A pianist in attendance to try new music.

NEW MUSIC.—"WHEN OLD FRIENDS WERE Here"—a very beautiful and touching song, in B flat:

"When old friends were here,
In days that are flown,
How fond were the hands
Which oft clasped my own.
The pathways of life
Wore pleasure's sunny hue,
And voices were near
With tones warm and true."

"She Was All the World to Me." This is a sweet, flowing melody, in E flat.

The above are the last two songs of the late Stephen C. Foster. Price 25 cents each. Mailed free.

HORACE WATERS, Publisher,
No. 481 Broadway, New-York.

RAVEN & BACON,

Piano-Forte Manufacturers, Wareroom, No. 135 Grand-st., near Broadway. A full assortment of our well known PIANOS constantly on hand, warranted in every respect. Purchasers will do well to examine our stock and prices before making their selections.

MASON & HAMLIN'S CABINET ORGANS, FOR FAMILIES, CHURCHES AND SCHOOLS.—Recognized by the musical profession as greatly superior to Harmoniums, Melodeons and all other small organs. [See our illustrated catalogue for explicit testimony to their superiority, from a majority of the most eminent organists in America.] Prices, $85 to $500 each.

CAUTION TO PURCHASERS.—The great reputation which our Cabinet Organs have obtained, and the extensive demand for them, have induced dealers to advertise, in some cases, quite different instruments as Cabinet Organs, and in others to represent to purchasers that Harmoniums and other reed organs are the same thing. This is not true. The excellences of our Cabinet Organs, which have given them their high reputation, are the result not merely of the superiority of their workmanship, but also, in large measure, of essential differences in construction, which, being patented, cannot be imitated by other makers. From these arise their better quality and volume of tone and unrivaled capacity for expression. Warerooms in New-York, No. 7 Mercer-st.

MASON BROTHERS.

PIANOS, MELODEONS, HARMONIUMS, cabinet and Alexandre organs, piano stools and covers, sheet music, music books, music merchandise, and all kinds of musical instruments, at wholesale and retail; second-hand pianos and melodeons at great bargains; new pianos and melodeons to let, and rent allowed if purchased; monthly payments received for the same; pianos tuned and repaired; cash paid for second-hand pianos and melodeons. HORACE WATERS, Agent, No. 481 Broadway, New-York.

CHORISTER WANTED IMMEDIATELY.—A gentleman to play an organ, and lead the singing of a church; also, to instruct the children of the Sabbath School. Salary $200. None but those who are competent need apply. Inquire at No. 90 Broad-st., New-York.

PIANOS, MELODEONS, HARMONIUMS, wholesale or retail, to let, or by installments, on favorable terms. Peloubet's Harmoniums, superior to all, $95 and $120; with pedals, $175 to $450. J. M. PELTON, No. 841 Broadway, near 14th-st., New-York.

TUESDAY, April 5—P. M.

The subscriptions to the 10-40 years 5 ℔ cent. Popular Loan, to-day, amount to $577,000, to wit:

At First National Bank	$409,000
Treasury Office	168,000
Together	$577,000

Of the 5-20 years 6 ℔ cent. Stock, $300,000 has been taken up in the open market for Germany by a single firm, Messrs. PHILIP SPEYER & Co., besides considerable parcels by other parties at the Stock Exchange and on the Street. The price has gone up from 110½ to 111½ ℔ cent., closing sales this afternoon at 111½ ℔ cent. There is also an advance of ½@1 ℔ cent. on the long 6 ℔ cents. of 1881; 2 ℔ cent. on the 6s of 1868; 3 ℔ cent. on the 6s of 1867, and 1@2 ℔ cent. on the 5s of 1865.

The Custom-house demand for Gold to-day was answered from the Treasury at 165½ ℔ cent., the same as yesterday. The sales were $354,000, while the Duties of the day were $383,000. Of the latter $100,000 was paid in Gold Coin in place of Gold Certificates bought of the Treasury. The rates on London, in the open market, were 180½@181½ ℔ cent., the outside figure for first-class Bankers', and the inside figure for good Merchant Bills. These rates, though closely corresponding with the Treasury rate for Gold for Customs, are below the open market for Gold, on speculation, by 1@1½ ℔ cent. We hear of no Export demand for American Coin for the steamer to-morrow.

The market for Money was again active to the Stock Exchange business, and generally at 7 ℔ cent., but there is so much buoyancy in the Railway and Mining speculation that the rate is not regarded, while the Money itself can be had on the sort of collaterals presented to the lender. A less rate than 7 ℔ cent. is accepted upon Government and other select securities, where no hazard of their daily fluctuation at the Stock Exchange Board is incurred, as it necessarily is on the Railway and Fancy Share list.

The Stock Exchange was generally steady at the early Board, and firm on several of the Railways at the close of business. Harlem, among the New-York Roads, and Fort Wayne and Toledo, among the Westerns, appeared to be the special favorites. Among the Coal Shares, Cumberland is firm, Wyoming 1@2 ℔ cent. higher, Ashburton down to 39 ℔ cent., and Delaware and Hudson up to 240 ℔ cent., the highest figure ever made by this Stock. The Gold schemes were firm at yesterday's quotation for Central of Colorado, Quartz Hill and Gregory. Mariposa continued somewhat depressed early in the day, but went up rapidly to 41 ℔ cent. in the afternoon.

At 4 o'clock the following prices were made, in comparison with Monday, same hour. Erie and Central are 1 ℔ cent. down:

	Mon.	Tues.		Mon	Tues.

The Washington telegraphic correspondence of the *Tribune* says, this morning:

> "The piling up of hostile and stupid amendments to the National Banking bill in the House will probably have the effect to kill it dead there, or send it for surgery to the Senate."

We are by no means sure that defeat is not the best direction that can be given to this bill, under all the circumstances of the time. The Banking Law, as originally drafted and now making rapid progress to National usefulness, is good enough for another year's practical trial. No harm will come of leaving it as it is until the next session of Congress, when its defects, whatever they may prove to be, can be remedied by the same House and Senate now in charge of the subject, by the light of experience. The system, thus far, works well enough and fast enough as it is, and the uniform National Currency created by it goes well enough for all present purposes, without either attempting to adapt the one to the caprices of our local City Banks, or the other to the tax of central redemption in any description of Money, before the general return of the country to Specie payments. If any or all of our local City Banks desire to organize under the system, either to avoid local taxations or to enjoy the superior credit and other and manifold advantages of a national character and standing, they have the same privileges open to them as the ten millions of new capital already enlisted as National Banks in this City. On the other hand, if they believe that any one or the whole of their number is indispensable to success of the Banking Law, we believe they are egregiously mistaken. But whether they are or not, the country would certainly grieve to see the Congress of the United States brought down to the humiliation of legislating for *their* favor exclusively, severally or collectively, the Bank of Commerce, American Exchange, or any other or the whole of the Clearing House Association, merely to localze the popularity of a National system.

The Mexican Loan, we learn by the last English mail, has been taken by Messrs. GLYN, MILES & Co., who are believed to be with the International and Financial Company, London, and Messrs. HOTTINGER & Co. The amount is for 200 millions, and is issued at 63 ℔ cent., at which price the French Government takes 70 millions. The last dividend will be paid in money, and the remaining unpaid coupons will be converted into 3 ℔ cent Stock. It was reported that the Credit Mobilier had taken a part of it, but it is not believed. ROTHSCHILDS & BARINGS, we are informed, are not interested in any way.

The day's business at the Office of the Assistant Treasurer of the United States at New-York was as follows: Total receipts, $3,558,504 20; for Customs, $383,000; total payments, $4,279,825 98; total balance, $37,845,396 82.

The week's exports of Domestic Produce and Miscellaneous Goods (exclusive of specie) have been to the value of $3,766,748, against $2,474,375 same week last year, and $2,297,152 the corresponding week of 1862.

The last weekly statement of the Philadelphia Banks presents the following aggregates, as compared with those of the preceding week:

CONSTITUTION
LIFE SYRUP,
COMPOSED OF
IODIDE POTASSIUM,
with the Compound Concentrated Fluid Extract of
VALUABLE MEDICINAL
ROOTS AND HERBS,
PREPARED BY WM. H. GREGG, M. D.,

Graduate College of Physicians and Surgeons, N. Y., formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New-York State Volunteer Depots, under Gov. Edwin D. Morgan.

CONSTITUTION LIFE SYRUP
HAS PRODUCED
A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable, are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal-minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar; by it the seat of any disease is directly reached, and the equilibrium restored.

Those who have suffered long from painful and obstinate diseases,

Those who have vainly sought relief from advertised medicines,

Those who cannot be cured by other physicians—

ARE INVITED TO USE CONSTITUTION LIFE SYRUP.

During the past five years we have contended with obstacles and overcome opposition as herculean as were ever encountered by any reformers.

RAPIDITY OF CURE.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature."

This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

a positive and specific remedy for all diseases originally from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

PARALYSIS.

HEMIPLEGIA. PARESIS. PARAPLEGIA. PARALYSIS AGITANS.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-giving Power.

DYSPEPSIA.

INDIGESTION.	LIVER COMPLAINT.	CONSTIPATION.
WEIGHT AT STOMACH.	BILIOUSNESS.	WANT OF APPETITE.
FLATULENCE.	BAD BREATH.	

SCROFULA.

STRUMA,	GLANDULAR SWELLINGS,	ULCERATION,
KING'S EVIL,	ERYSIPELAS,	SALT RHEUM.

This taint (HEREDITARY and ACQUIRED), filling life with untold misery, is by all usual medical remedies incurable.

RHEUMATISM.

[ARTHRITIS.]	NEURALGIA.	TIC DOULOUREUX.
LUMBAGO.	SCIATICA.	GOUT.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years' standing, have been cured by us.

NERVOUSNESS.

NERVOUS DEBILITY,	SHATTERED NERVES,
LOSS OF POWER.	CONFUSION OF THOUGHTS.
ST. VITUS' DANCE.	EPILEPSY.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering woman will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfills more than it promises.

MERCURIAL DISEASES.

SALIVATION.	ROTTING OF BONES.
BAD COMPLEXION.	ACHES IN BONES.
FEELING OF WEARINESS.	DEPRESSION OF SPIRITS.

CONSTITUTION LIFE SYRUP purges the system entirely from all the evil effects of MERCURY, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

CONSTITUTION LIFE SYRUP

eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES,

and all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP
CURES ALL SWELLING OF THE GLANDS,

either of the Face, Neck, or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking, and producing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from general Debility, Emaciation, Dyspepsia and Dropsy of the limbs, abdomen, and in the female, Dropsy of the ovaries and womb, generally accompanied with Inflammation and Ulceration of the Uterus, are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort.

Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body, will be completely reduced without resorting to the knife, or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart, as palpitation, Disease of the Valves, producing a grating or filing sound, Dropsy of the Heart Case and all the affections of this important organ, (persons suffering from any acute pain in this region of the heart) will be greatly relieved by Constitution Life Syrup.

BROKEN-DOWN AND DELICATE CONSTITUTIONS, SUFFERING FROM INDISPOSITION TO EXERTION, PAIN IN THE BACK, LOSS OF MEMORY, FOREBODINGS, HORROR OF CALAMITY, FEAR OF DISEASE, DIMNESS OF VISION, DRY, HOT SKIN AND EXTREMITIES, WANT OF SLEEP, RESTLESSNESS, PALE, HAGGARD COUNTENANCE, AND LASSITUDE OF THE MUSCULAR SYSTEM, all require the aid of the CONSTITUTION LIFE SYRUP.

FOR ALL FORMS OF
ULCERATIVE DISEASES,

either of the NOSE, THROAT, TONGUE, SPINE, FOREHEAD OR SCALP, no remedy has ever proved its equal.

MOTH PATCHES upon the female face, depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit, which is directly under the skin.

In Diseases of the Liver, giving rise to Languor, Dizziness, Indigestion, Weak Stomach, or an ulcerated or cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, will be relieved by the use of CONSTITUTION LIFE SYRUP.

☞ AS A GENERAL BLOOD-PURIFYING AGENT, THE LIFE SYRUP STANDS UNRIVALED BY ANY PREPARATION IN THE WORLD.

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all nervous diseases, and ladies who are suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR

are liable to the same diseases. Nature and science has made the Constitution Life Syrup for the benefit of all.

PURE BLOOD

produces healthy men and women; and if the constitution is neglected in youth, disease and early death is the result. Do not delay when the means are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES.

It is the safest and most effectual medicine ever discovered for purifying the system, and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and disease, and increases and enriches the food. Those who have used it think it indispensable. It is highly useful, both before and after confinement, as it prevents disease attendant upon childbirth.

CONSTITUTION LIFE SYRUP

is the poor man's friend and the rich man's blessing.

Buy it, take it, and be cured.

IT IS UNIVERSAL IN ITS EFFECTS.

It has been from time immemorial the object of philanthropists to find some remedy for the ills of life, and scientific skill has for ages explored every avenue in order to discover the hidden secret. It has been, however, reserved for modern science to bring before the world the great destroyer of disease, and in HOOFLAND'S GERMAN BITTERS are concentrated all those virtues which tend to promote healthy and vigorous life. Unlike the generality of bitters, they are not an alcoholic mixture, but a pure tonic, composed entirely of vegetable substances. They are a positive cure for

Its virtues are known in every quarter of the inhabitable globe, and the wonderful cures which it is daily performing have won for it the highest post in the temple of science. With such recommendations, backed by incontestible and undoubted testimonials from those who have experienced its curative properties, giving to the public no assertion but what has passed through the crucible of truth, and supported by an array of splendid and hitherto unknown triumphs, what wonder is it that thousands rush to it for relief in the hour of danger.

NEW-YORK TESTIMONY.

From John B. Wickersham, Esq., firm of Wickersham & Hutchison, the celebrated manufacturers of fancy iron works, No. 259 Canal-st.:

* * * * *

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz: That of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhœa.

During the long time I was suffering from this disease I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific, and, whenever I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Truly, yours, JOHN B. WICKERSHAM.
NEW-YORK, Feb. 2, 1864.

From Julius Lee, Esq., firm of Lee & Walker, the most extensive Music Publishers in the United States, No. 722 Chesnut-st., Philadelphia:

FEBRUARY 8, 1864.

MESSRS. JONES & EVANS—GENTLEMEN: My mother-in-law has been so greatly benefited by your Hoofland's German Bitters that I concluded to try it myself. I find it to be an invaluable tonic, and unhesitatingly recommend it to all who are suffering from dyspepsia. I have had that disease in its most obstinate form—flatulence—for many years, and your Bitters has given me ease when everything else has failed. Yours truly, JULIUS LEE.

From that well known citizen, the

HON. JACOB BROOM:
HON. JACOB BROOM:
HON. JACOB BROOM:
HON. JACOB BROOM:

PHILADELPHIA, Oct. 7, 1863.

GENTLEMEN: In reply to your inquiry as to the effect produced by the use of "Hoofland's German Bitters" in my family, I have no hesitation whatever in saying that it has been highly beneficial. In one instance, a case of dyspepsia, of about thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the second effecting a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it, I find it to be an unequaled tonic, and sincerely recommend its use to the sufferers.

Truly yours, JACOB BROOM, No. 1,707 Spruce-st.

The following well-known reverend gentlemen have acknowledged in writing the great benefits they have received from the use of these Bitters. Such testimony must certainly convince the most sceptical:

Rev. Levi G. Beck, Pastor of the Baptist Church, Pemberton, N. J., formerly of the North Baptist Church, Philadelphia.

Rev. Thos. Winter, Pastor of Roxborough Baptist Church, Pennsylvania.

Rev. J. S. Herman, of the German Reformed Church, Kutztown, Berks County, Penn.

Rev. J. M. Lyons, formerly Pastor of the Columbus (N. J.) and Milestown (Penn.) Baptist Churches.

Rev. J. Newton Brown, D. D., Editor of the *Encyclopedia of Religious Knowledge and Christian Chronicle*, Philadelphia.

Rev. J. H. Turner, Pastor of Hedding M. E. Church, Philadelphia.

Rev. Jos. H. Kennard, Pastor of the Tenth Baptist Church, Philadelphia.

Rev. Warren Randolph, Pastor of Baptist Church, Germantown, Penn.

Rev. Wm. Smith, formerly pastor of the Vincentown and Millville (N. J.) Baptist Churches.

We could add many others to this list did space permit.
